

## **Matt Dunbar, Board Member**

Matt Dunbar graduated from Oregon State University in 2007 with a BA in Management and a minor in Spanish. He was fortunate to further his education by living abroad for several years teaching English in Spain and studying economics in Mexico.

Upon returning to Medford, Oregon, Dunbar established his career in the health insurance industry where he eventually opened his own agency, Rogue Benefit Planning. At RBP they specialize in helping employers understand the rules and regulations of the Affordable Care Act and finding a suitable benefit program that meets the needs of the business and the employees.

Dunbar is excited to be a member of Dogs for Better Lives' board, a part of the organization, and its growing model in helping dogs and people alike. Dogs and people hold a special place in Dunbar's heart. He knows the many values a dog can bring into a person's life, whether living with a disability or not. He also feels that everyone should have the opportunity to live a full and happy life and enjoys helping people achieve that.

Dunbar and his wife are parents to two beautiful little girls, and owners of a Black Lab, Shi-Tzu, and a Calico Cat. In their spare time, they love going to the mountains, fishing, and backpacking.
